

2023 GRAMMAR SCHOOL SUMMER READING

CHCS Students are encouraged to make reading a priority during the summer months. All students are asked to read at least **two** books from the summer reading list for the grade level entering in the fall or any grade level above that. Students who have read **at least two books and have successfully passed the AR tests for these books**, will celebrate with a summer reading AR party during the first few weeks of school. Top readers from each class will be recognized with a special gift. Students must turn in reading logs by **Friday, August 25**. Students are welcome to visit the CHCS library on Wednesdays during the summer. This is a great opportunity to get a jumpstart on AR points for the new school year. If you do not have an AR account please email Ms. Black at gblack@chcslongview.com. You may also take AR tests on Wednesdays during Summer library hours. Thank you for cultivating a love for reading with our students!
