

Parenting with

Dear CHCS Parents,

Christian Heritage Classical School exists to partner with the home to provide excellent Christ-centered classical education to develop biblical reasoning and a desire in each student to savor God and serve his fellow man.

We want to do all we can to fulfill our school's mission by "*partnering with the home*." One way we have hoped to do this is by piloting a program for the first time this past fall as we learned together through the *Love and Logic* curriculum. Fourteen of our families joined us weekly for six weeks. The attendance to this class never waned, which is evidence that each session exceeded our expectations! We had such an overwhelmingly positive response that one of the class members generously purchased the curriculum for CHCS, and all fourteen families expressed a desire to repeat the six sessions!

We are eager to come alongside our families and help equip you with loving biblical tools that assist parents and grandparents in nurturing and shaping self-discipline and virtue in the character and heart development of your children. The tools in *Love and Logic* are helpful for children of all ages. As with anything in our lives as believers, we want to educate ourselves and pursue excellence in the calling and responsibilities God has given us for the work in his Kingdom. Parenting is at the top of that list.

We are excited to offer *Parenting with Love & Logic* again this spring. There are six sessions (see dates below). Space is limited for the spring sessions, so please **click the link below to register for the class and pay the \$9.00 (plus the processing fee)** for the workbook that is yours to keep. This same class is available online through *Love and Logic* for \$99.00, but because of the generous gift of our donor, you can experience this fantastic course for the price of a workbook! We are so grateful!

We also hope to offer an evening session during the summer for couples to attend together or others who cannot attend during the work week. The exact times and dates will be determined based on the feedback we get from the survey (see below).

Hope you can join us!

Mrs. Stephanie Jones
